

# Backed4 Life

Creating your website 101

# Few things to see

- Web Hosting
- Domain Name
- Wordpress
- Creating Pages using WordPress
- Elementor
- Plugins in Elementor
- SEO

# What is a web hosting

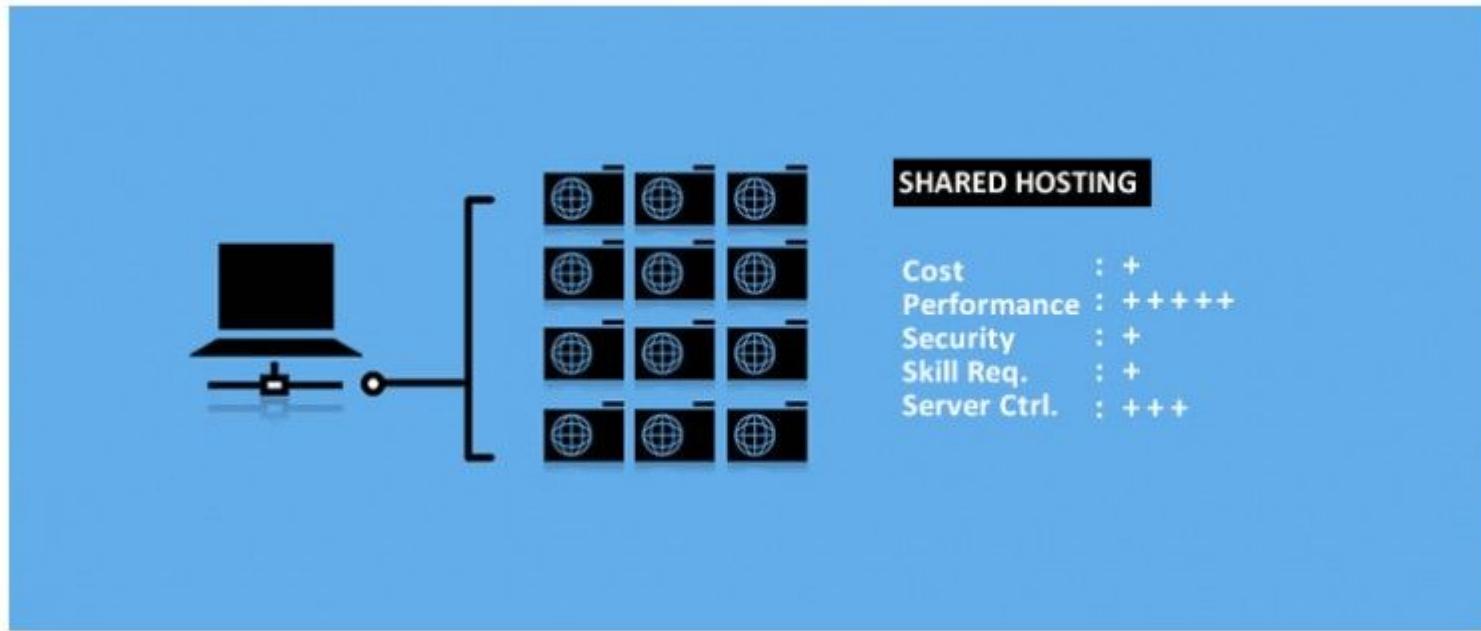

- A place where people store their websites.
- The company that rent out their computer/servers to store your website and providing Internet connectivity so that other computers can access to the files on your website.

# Different type of web hosting

- Different type of hosting
  - Shared Hosting
  - VPS Hosting
  - Dedicated Hosting
  - Cloud Hosting
- All of these act as a storage centre for your website, however they differ in the amount of storage capacity, control, technical knowledge requirement, server speed, and reliability.

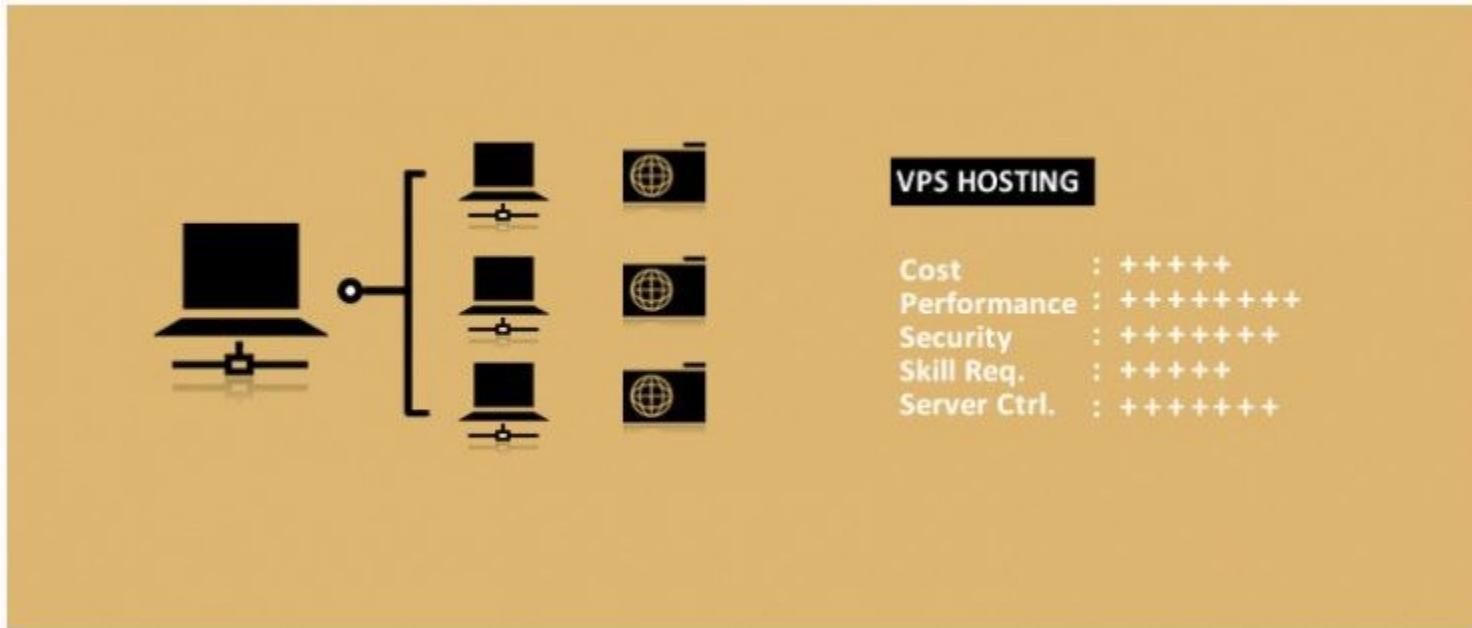

# Shared Hosting

# Shared Hosting

- On shared hosting, one's web site is placed on the same server as many other sites, ranging from a few to hundreds or thousands
- All domains may share a common pool of server resources, such as RAM and the CPU
- Cost is extremely low, most websites with moderate traffic levels running standard software are hosted on this type of server.
- However, there will be limited ability to handle high traffic levels or spikes, site performance can be affected by other sites on the same server

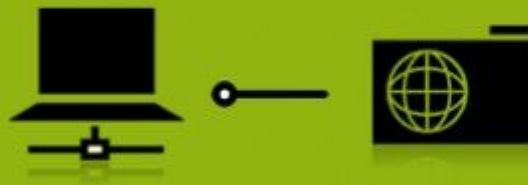

# VPS Hosting

# VPS Hosting

- A virtual private server hosting divides a server into virtual servers, where each website is like hosted on their own dedicated server, but they're actually sharing a server with a few different other users. The users may have root access to their own virtual space and better secured hosting environment with this type of hosting. Websites that need greater control at the server level, but don't want to invest in a dedicated server.
- However, there is a limited ability to handle high traffic levels or spikes, your site performance can still be somewhat affected by other sites on the server.

# Dedicated Hosting

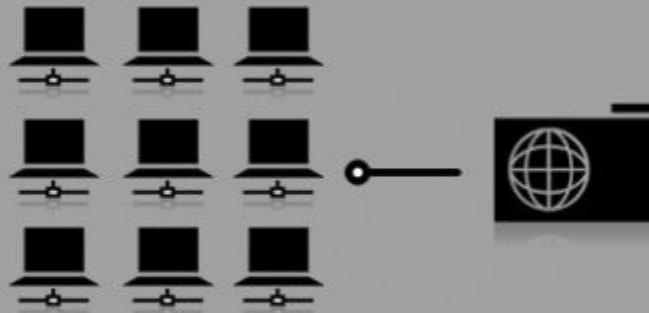

## DEDICATED HOSTING

Cost	:	++++++
Performance	:	+++++
Security	:	++++++
Skill Req.	:	++++++
Server Ctrl.	:	++++++

# Dedicated Hosting

- A dedicated server offers the maximum control over the web server your website is stored on – You exclusively rent an entire server. Your website(s) is the only website stored on the server.
- Dedicated servers are very expensive and it's only recommended to those who need the maximum control and better server performance.

# Cloud Hosting

## CLOUD HOSTING

Cost	:	+++++
Performance	:	++++++
Security	:	+++++
Skill Req.	:	+++++
Server Ctrl.	:	++++

# Cloud Hosting

- Cloud hosting offers unlimited ability to handle high traffic or traffic spikes. Here's how it works: A team of servers (called a cloud) work together to host a group of websites. This allows multiple computers to work together to handle high traffic levels or spikes for any particular website.

# Options: Exabytes

The screenshot shows the homepage of Exabytes Network Sdn. Bhd. The top navigation bar includes links for Home, Services, Products, Solutions, News, About Us, Contact Us, and Log In. A search bar is also present. The main header features the company name "Exabytes" in a large, white, sans-serif font against a dark blue background.

The top banner features a photograph of a person's hands typing on a laptop keyboard. Text on the banner includes "Trusted by 100,000 customers globally", "24x7x365 Professional Technical Support", "Providing Cloud Services Since 2001", and "99.9% Network Uptime" and "99.5% Server Uptime". A note at the bottom right states "\*\* Terms and conditions apply."

The page is divided into three main sections:

- Web Hosting Plan:** Features a Rubik's cube icon. Text: "Extra 10% OFF Web Hosting Plan". Subtext: "FREE SSL (https) + FREE Daily Backup, FREE Domain Privacy Protection (WHOIS)". Call-to-action: "Get Started".
- SSD VPS Hosting:** Features a blue and orange server icon. Text: "SSD VPS Hosting – Buy 2 Get 1 FREE". Subtext: "Run your apps & high traffic website here! With 35% OFF Now.". Call-to-action: "Get Started".
- Dedicated Server:** Features a blue server icon. Text: "Dedicated Server – Buy 2 Get 1 FREE". Subtext: "Enjoy dedicated resources for your company's website. No more sharing!". Call-to-action: "Get Started".

At the bottom, there are two decorative footer sections: one green section with a gear and icons, and one blue section with a cloud and a small server icon.

# Options: Hostgator

The image shows the homepage of HostGator's website. At the top left is the HostGator logo, which includes a stylized orange lizard icon and the word "HostGator" in a bold, orange, sans-serif font. To the right of the logo are links for "24/7/365 Support", "Toll Free: (866) 96-GATOR", "Customer Login", "Support", and "Affiliates". There is also a "Live Chat" button with a speech bubble icon. Below the header, there is a navigation bar with links for "Web Hosting", "Website Builder", "WordPress Hosting", "VPS", "Dedicated", and "Domains". The main content area has a dark blue background with white text. The title "Powerful Website Hosting Services" is displayed in a large, bold, white font. Below it, the subtitle "Web hosting made EASY and AFFORDABLE." is shown in a smaller, white font. A promotional offer "Starting at only \$2.75/mo\*" is displayed above a large orange "Get Started!" button. The background features various white icons related to web development and digital marketing, such as a globe, a lightbulb, a smartphone, a laptop, a mail envelope, and a telephone. In the bottom center, there is a graphic of a white rocket ship launching from a blue base, carrying a computer monitor displaying a website.

# Options: Hostinger

The image shows the homepage of Hostinger's website. At the top, there is a dark purple header bar with the Hostinger logo, language selection (EN), navigation links (PRODUCTS, PRICING, TECHNOLOGY, AFFILIATES), a LOGIN button, and a shopping cart icon with a notification '1'. The main visual features a stylized city skyline silhouette against a purple gradient background. In the center-left, there is a large white text overlay: 'Unlock the power of the Internet'. Below it is a digital timer showing '02 DAYS', '00 HOURS', '11 MINUTES', and '26 SECONDS'. To the right of the timer is a large '\$0.80 /mo' price, where the '0' is a prominent circle. A red 'Get Started' button is located at the bottom left of the main area.

# What is a domain name?

A domain is the name of your website. Before you can run a website, you will need a domain.

To have your own domain, you will need to register your domain with a domain registrar, for example: Mynic, Exabytes, godaddy.

# Different between domain name and hosting

Domain name is the address of your website whereas hosting is where you store all your files.

Grow Your Business Online.

A photograph of a woman with long dark hair, smiling and working on a laptop at a desk. A large orange speech bubble graphic overlays the bottom left of the image, containing the text ".my Domain". To the right of the woman, there is a promotional banner for ".MY Domain Promo". The banner features the text "SAVE NP: RM 480" and "RM240" in large blue letters, with "NP: RM 480" crossed out. Below this, the text ".MY Domain Promo" is written in white on an orange background, followed by a large blue "BUY 2 FREE 2" in white, and "LOWEST PRICE IN TOWN." in red. At the bottom right of the banner is a small circular profile picture of a woman's face. In the top right corner of the main page area, there is a blue ribbon badge with the text "MWA AWARDS".

## Customize - Header - General

Comments Hostinger

# Example - Transparent Header

The screenshot shows the WordPress Customizer interface for a site titled "Common Room". The top navigation bar includes links for Home, Services, Contact, About, and a search icon. On the left, there's a sidebar titled "TRANSPARENT HEADER SETTINGS" with a "Background Colour" section. It features a color picker with a hex code "rgba(10,10,10,0)" and a "Clear" button. Below the color picker are two preview swatches: a large one showing a dark gray gradient and a smaller one showing a lighter gray gradient.

The main content area displays the site's header with the text "Coworking, Learning and Event Space". A message says "Ready to publish your first post? Get started here." To the right, there's a search bar with a magnifying glass icon and a "Search" button. Below the search are three circular icons with text: "RECENT COMMENTS", "ARCHIVES", and "CATEGORIES". Under "CATEGORIES", it says "No categories".

At the very top, the browser address bar shows the URL: <https://common-room.000webhostapp.com/wp-admin/customize.php?url=https%3A%2F%2Fcommon-room.000webhostapp.com%2F>. The browser also has several extension icons visible in the toolbar.

# Change Menu color

The screenshot shows a website builder interface with the following elements:

- Header:** "Common Room" with "Home", "Services", "Contact", "About", and a search icon.
- Content Area:** "Coworking, Learning and Event Space".
- Left Sidebar (Customization Options):**
  - Links Effect:** "No Effect".
  - MAIN STYLING:**
    - Left/Right Padding (px):** 15.
    - Link Colour:** White background, grey bar, "Select Colour" button.
    - Link Colour: Hover:** Yellow background, grey bar, "Select Colour" button.
    - Link Colour: Current Menu Item:** White background, grey bar, "Select Colour" button.
    - Link Background:** White background, grey bar, "Select Colour" button.
    - Link Background: Hover:** White background, grey bar, "Select Colour" button.
  - Controls:** "Hide Controls" button and icons for preview, publish, and settings.

In the center, there's a message: "Ready to publish your first post? [Get started here](#)". To the right, there's a sidebar with:

  - "RECENT COMMENTS" (with a pencil icon)
  - "ARCHIVES" (with a pencil icon)
  - "CATEGORIES" (with a pencil icon)
    - No categories

At the bottom, it says "Customize - Header - Menu". The footer includes a "Powered by 000webhost" logo and browser tabs for "do.inea" and ".Javascript-chal....pdf".

# Change Logo Font Color

The screenshot shows a user interface for customizing a logo. At the top right, there are 'Publish' and 'Settings' buttons. The main area displays the text 'COMMON RO'. On the left, a sidebar shows the current path: 'Customising > Header Logo'. The sidebar includes sections for 'Logo' (with a placeholder 'No logo selected' and a 'Select logo' button), 'Retina Logo' (with a placeholder 'No image selected' and a 'Select image' button), 'Colour' (with a color picker and a 'Select Colour' button), and 'Colour: Hover' (with a color picker and a 'Select Colour' button). At the bottom, there are 'Hide Controls' and three small icons. The bottom navigation bar shows files 'pp.jpeg' and 'Javascript-chal...pdf'.

Customize - Header - Logo

# Change Main Page to Home

The screenshot shows a website builder interface with the following elements:

- Top Bar:** Publish and Settings icons.
- Title Bar:** COMMON ROOM.
- Header Navigation:** Home, Services, Contact, About.
- Main Content Area:** Home.
- Left Sidebar (Customising Homepage Settings):**
  - Description:** You can choose what's displayed on the homepage of your site. It can be posts in reverse chronological order (classic blog), or a fixed/static page. To set a static homepage, you first need to create two Pages. One will become the homepage, and the other will be where your posts are displayed.
  - Section: Your homepage displays**
    - Your latest posts
    - A static page
  - Section: Homepage**
    - Home
    - + Add New Page
  - Section: Posts page**
    - Home
    - + Add New Page
  - Control Buttons:** Hide Controls, Preview, Publish, Save.
- Right Sidebar:**
  - Search input field with a magnifying glass icon.
  - Recent Comments, Archives, Categories sections.
  - No categories message.
- Bottom Bar:** pp.jpeg, Javascript-chal....pdf, Show All, 000webhost logo.
- Yellow Callout Box:** Customize - Home Settings - Home Page displays - Home

# Editing Home Page with Elementor

The screenshot shows the WordPress dashboard with the Elementor editor open for the 'Home' page. The left sidebar includes links for Dashboard, Posts, Media, Pages (selected), All Pages, Add New, Comments, WPForms, Elementor (selected), Templates, Appearance, Plugins (with 1 update), Users, and Tools. The top navigation bar has icons for back, forward, search, and 'Edit with Elementor'. On the right, there are buttons for 'Switch to Draft', 'Preview', 'Update', and settings. The main content area displays the word 'Home' with a placeholder icon. The Elementor editor interface on the right shows 'OceanWP Settings' for Content Layout (Default) and Sidebar (Default). A yellow callout box highlights the text 'Page - Home - Edit With Elementor'.

# 3 ways editing using Elementor

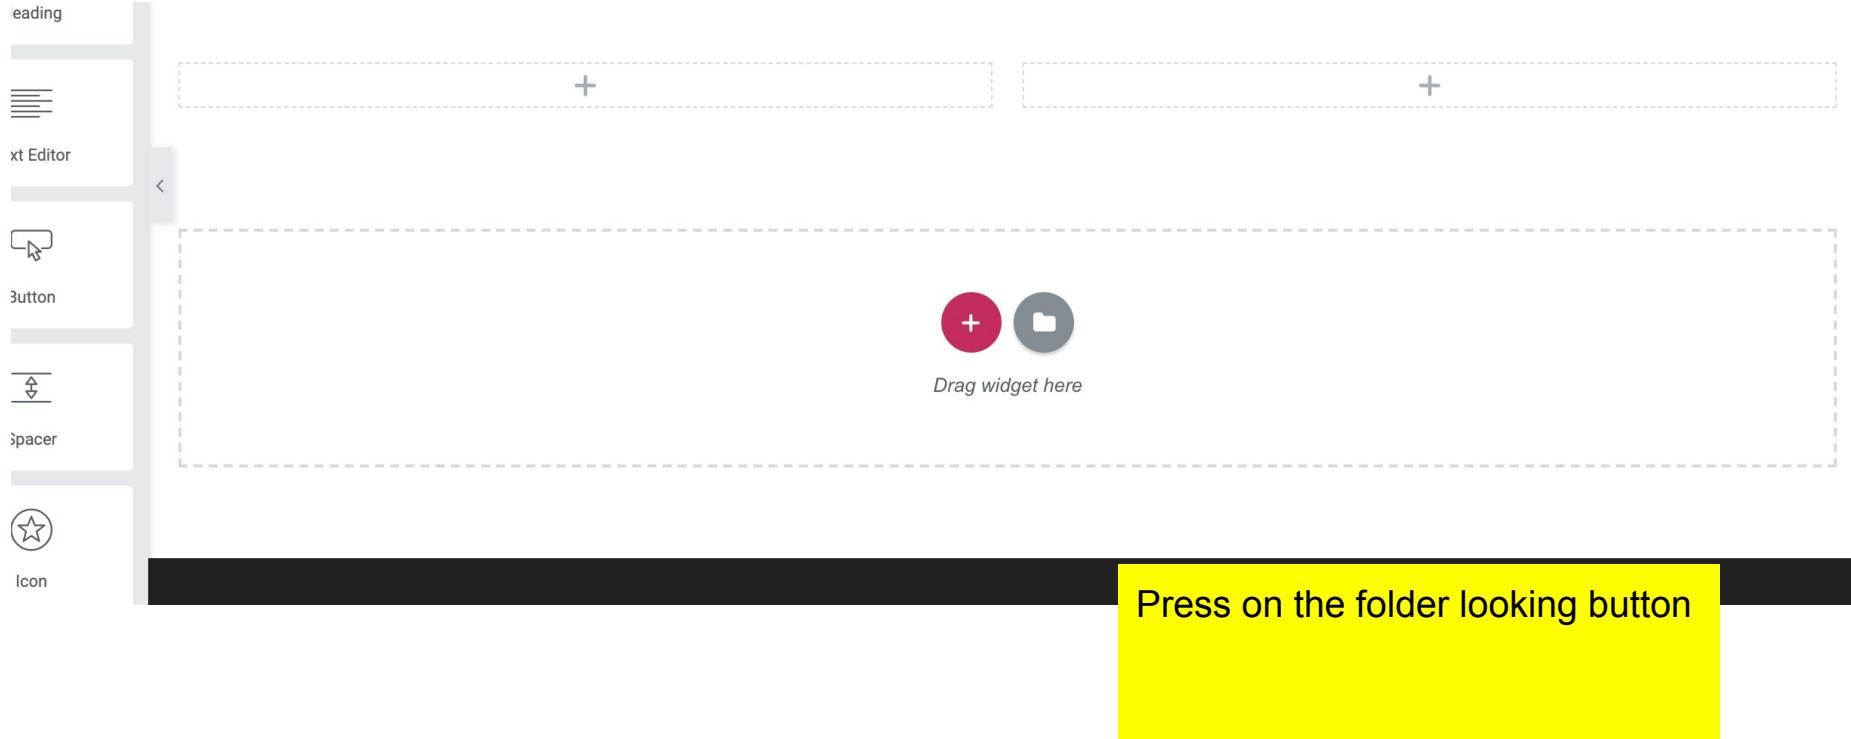

- 1) Elementor Builder From Scratch
- 2) Full Page Template
- 3) Section based templates

# Discover Elementor page builder

The screenshot shows the Elementor page builder interface. On the left, there's a sidebar titled "ELEMENTS" with a search bar and a "BASIC" category. Below it are various element icons: Inner Section, Heading, Image, Text Editor, Video, Button, Divider, Spacer, Google Maps, and Icon. At the bottom of the sidebar are "UPDATE" and "ADD" buttons. The main content area is titled "Home" and contains the following elements:

- A heading "This is a heading".
- Text: "Click edit button to change this text. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Ut elit tellus, luctus nec ullamcorper mattis, pulvinar dapibus leo."
- A green button labeled "Click here".
- Text: "Click edit button to change this text. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Ut elit tellus, luctus nec ullamcorper mattis, pulvinar dapibus leo."
- A placeholder for a user profile picture with the text "Choose Your Image".
- A user profile card for "John Doe" with the title "Designer".
- Two dashed boxes with "+" signs, likely for adding new elements.

# Add from existing template

# Choose a template

The screenshot shows the Elementor interface with a dark theme. At the top, there's a header bar with tabs for 'LIBRARY' (which is selected), 'Blocks', 'Pages', and 'My Templates'. Below the header, there are filters for 'NEW', 'TREND', 'POPULAR', and 'MY FAVOURITES'. A search bar is also present. The main area displays a grid of 10 different website templates, each with a preview image and a title below it. On the left side, there's a sidebar with various element icons: 'Inner Section', 'Image', 'Video', 'Divider', and 'Google Maps'. A dashed line indicates where a new element might be dropped.

V1 – Hero Video Headline Button	Page	admin	13th April 2019	<span>Preview</span> <span>Insert</span> <span>...</span>

On the left sidebar, under the 'ELEMENTS' category, the following items are listed:

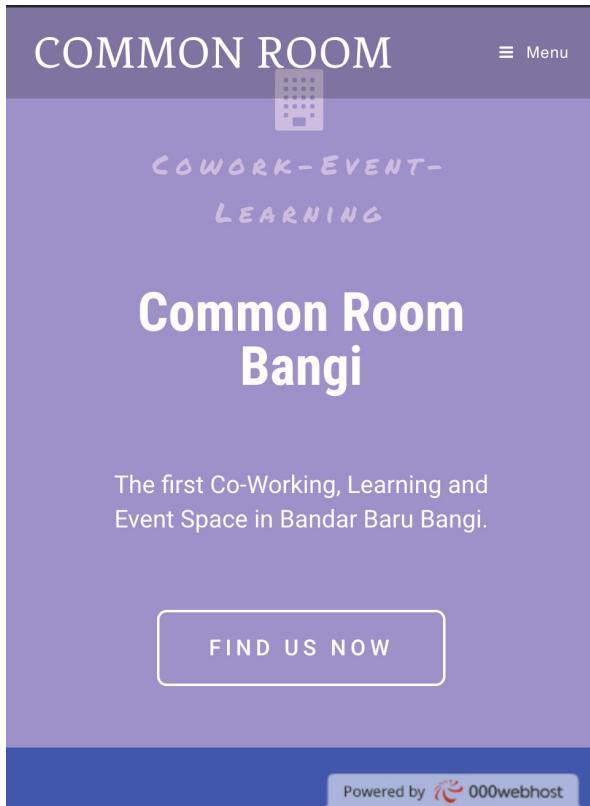

- Search Widget...
- BASIC
  - Inner Section
  - Image
  - Video
  - Divider
  - Google Maps

At the bottom of the screen, there are several small icons and a 'UPDATE' button.

# Edit your design as per preference

# View also your page in mobile view

The screenshot shows a mobile-optimized version of the 'Common Room' website. At the top, there's a purple header bar with the text 'COMMON ROOM' on the left and a 'Menu' button with three horizontal lines and the word 'Menu' on the right. Below the header is a small icon of a smartphone. Underneath the phone icon, the words 'COWORK-EVENT-LEARNING' are written in a light blue, sans-serif font. The main title 'Common Room' is displayed in a large, bold, white font, followed by 'Bangi' in a slightly smaller white font. Below the title, a subtitle reads 'The first Co-Working, Learning and Event Space in Bandar Baru Bangi.' A white rectangular button at the bottom contains the text 'FIND US NOW' in black capital letters. At the very bottom of the page is a dark blue footer bar with the text 'Powered by 000webhost' and the company's logo.

# Setup your outgoing email

The screenshot shows the WP Mail SMTP plugin settings page. At the top, there's a navigation bar with icons for Home, Room, and New, along with a user greeting 'Hi, admin' and a 'Go' button. The main header is 'WP Mail SMTP' with the subtext 'a wpforms company'. Below the header, there are three tabs: 'Settings' (which is active), 'Email Test', and 'Misc'. A welcome message says 'Welcome to OceanWP - Are you ready to create an amazing website?' with two buttons: 'Run the Setup Wizard' (blue) and 'Skip setup' (grey). A success message in a green box says 'Settings were successfully saved.' with a close button. The main section is titled 'Mail' and contains a 'From Email' field with the value 'wanmuz86@gmail.com'. Below it, explanatory text says: 'The email address which emails are sent from. If you're using an email provider (Gmail, Yahoo, Outlook.com, etc) this should be your email address for that account. Please note that other plugins can change this, to prevent this use the setting below.' There's also a checkbox for 'Force From Email' with a descriptive note: 'If checked, the From Email setting above will be used for all emails, ignoring values set by other plugins.'

ion Room 1 0 + New Hi, admin Go

**WP Mail SMTP**  
a wpforms company

Settings Email Test Misc

Welcome to OceanWP - Are you ready to create an amazing website?

Run the Setup Wizard Skip setup

Settings were successfully saved.

**Mail**

From Email wanmuz86@gmail.com

The email address which emails are sent from.  
If you're using an email provider (Gmail, Yahoo, Outlook.com, etc) this should be your email address for that account.  
Please note that other plugins can change this, to prevent this use the setting below.

Force From Email

If checked, the From Email setting above will be used for all emails, ignoring values set by other plugins.
